

Hi colleagues,

just received the info about a route change under OCEAN Alliance:

CNTAO will be routed on FAL 3 – i.o. FAL 1.

In order to alleviate FAL 1 rotation, to improve our service offer, decision has been made to place **CNTAO port on FAL3 and to remove it from FAL1**

Alaska (036fme) will be the first FAL3 vessel calling CNTAO directly.

This switch is allowing us to seriously improve our transit from North Europe main ports to Qingdao (see transit time impacts below & updated routing table attached).

	NLR TM	DEHAM	BEANR	FRLEH
Current offer CNTAO on FAL 1	44	46	N/A	40
New offer CNTAO ON FAL 3	41	39	35	33

We will continue to serve CNTAO from BEZEE, FRDKK & GBSOU on FAL1 via MYPKG
