Congestion Surcharges – Update

Dear valued customers,

Following our previous announcement dated July 10th, we would like to inform you that the congestion surcharges will be applicable for all locations along the river Rhine, as from July 17th.

The surcharge amounts to **25€ on each container moving to/from Rotterdam and Antwerp by barge on the river Rhine**. Additionally, if the container cannot be unloaded at the intended deep sea terminal, it will be discharged at an alternative terminal, **resulting in an extra cost of 180€**.

Thank you very much for your understanding.

Sincerely,

The Management
