CMA CGM

## CONTAINER GUARANTEE CHARGE Sensitive Commodities

23rd April 2017

Dear Valued Customer,

As for certain commodities which represent a greater risk of damages to containers and equipment, CMA CGM GROUP have implemented long ago sets of best practices and certain rules and restrictions prior and during cargo stuffing to mitigate these risks.

Nevertheless, despite all those best practices measures, containers have suffered significant and continuous damages due to the very nature of the transported commodities.

Consequently and with immediate effect, the below listed commodities will still be accepted for shipping transportation but subject to a mandatory Container Guarantee Charge of **USD 25 per container**, to cover the additional risk of damages to the equipment.

### Commodities:

**HIDES**

**COCOA BUTTER**

**CLOVES**

**MENTHOL**

**ORES & SAND (IN BULK)**

**STEEL TUBES / BARS / PIPES / PLATES**

**TILES (EXTRA HEAVY CARGO – MARBLE / STONE / GRANITE)**

Meanwhile, shipper's good practices still prevail and still need to be ascertained in order to reduce any risk during transportation.

Should you require any further information, we invite you to contact your usual Sales and Customer Service Representative.
