**Commercial Cut-Over (CCO) information
 Export from Fos**

28 June, 2017

In the coming weeks UASC and Hapag-Lloyd services will be integrated into one worldwide service network.
 The process of switching services/Bills of Lading is referred to as the "Commercial Cut-Over".

This cut-over process will be based on individual voyages and will start mid-July to be completed in October 2017.

If you are currently booking with UASC, we invite you to continue booking with UASC until the relevant cut-over voyage and then switch your bookings to Hapag-Lloyd.

In order to make the process as convenient as possible for you, we have developed an overview of services that will be handled via Hapag-Lloyd and the first cut-over voyages, which please find attached

Even if the Hapag-Lloyd booking channels for the attached voyages are open already, please place your bookings only with Hapag-Lloyd as of the mentioned voyages.
