

■ Mediterranean - South America East Coast Service (MSE) – Update

November 23, 2017

Dear Customer,

In our continued efforts to provide you with high value service, we are pleased to inform you about further changes of our **MSE Service**. With immediate effect and although still on a trial basis we have **added a direct port call at Livorno, Italy**.

As a consequence and at the same time, we regret the **cancellation of port call at Fos-Sur-Mer, France** although on a temporary basis. For our valuable customers from/to the South France markets we will continue to offer a reliable transshipment operation via Genoa, Italy.

The restructured MSE Service, covering the major markets in the Mediterranean and the East Coast of South America, will continue to be a weekly service with fixed scheduled arrivals and departures.

The enhanced rotation of the service will be as follows:

*) Private call in which Hapag-Lloyd does not participate

The MSE Service continues to offer you a comprehensive market coverage in this trade with mainly direct connections and highly competitive transit times in both directions and with a hub in Malta to connect to markets in Asia, Middle East and Africa:
