

02 March 2018

To our Valued Customers,

E1E Network Changes – EASTER BLANKINGS
North Europe to Far East Asia

In connection with the Easter period, Maersk Line has endeavoured to balance our network to match reduced demand. We aim to minimize the impact to our customers by securing alternative routings wherever possible.

This communication is intended to inform you about all impacted sailings, and we will also share the alternative routings for you to book on. Note there may be some cases where there is no suitable alternative and the cargo must wait for the next available sailing.

We hope that these alternative routings allow you to identify better ways to optimize your supply chain while reducing service disruptions. These alternatives are in the process of being updated in our systems. For further questions, we encourage you to liaise with your local Maersk Line customer service representative or check my.maerskline.com/.

2018 East Bound Easter Blanking and Contingency Programme
