To our Valued Customers,

Chinese New Year Blanking Programme

In connection with the upcoming Chinese New Year period, Maersk Line has endeavoured to balance our network to match reduced demand for the next several weeks. We aim to minimize the impact to our customers by securing alternative routings wherever possible. This communication is intended to inform you about all impacted sailings.

This is our first update to inform you of our new blanking schedule. We will share more details about alternatives directly and update our system about revised routings by **13th January**.

After that time, if you have further questions, we encourage you to visit www.mymaerskline.com or liaise with your local Maersk Line customer service representative.
