

Montreal, Canada – Suspension of Low Water Surcharge

Dear ,

The St. Lawrence River water levels have not developed as expected and remain above minimum levels required for safe navigation. Therefore the Low Water Surcharge, previously announced to be implemented from January 15, 2020, will be **suspended**.

We are here for you - if you have any questions or comments, please contact your local [Hapag-Lloyd office](#) or send me an [email](#).

Best regards,

Christian
