

Lebanon – Tripoli Service Termination

Dears,

Hapag-Lloyd will stop acceptance of any cargo from/to Tripoli (Lebanon) with immediate effect.

The decision has been made due to limited volume inducement, which led to sporadic calls and consequent long waiting times at transshipment port making the coverage of Tripoli port not sustainable any longer.

We are here for you - if you have any questions or comments, please contact your local [Hapag-Lloyd office](#) or send me an [email](#).

Best regards,

Christian
