

Waste Steel, Waste Copper, Aluminium Scrap - Import Restrictions China

Dear MATHIEU,

according to the China Customs Announcement No.68, Waste Steel, Waste Copper, Aluminum Scrap have been included in the Restriction Catalogue for imports to China with effect from July 1, 2019.

The following HS codes are affected:

HS Code	Commodity	Classification	Control Standard
7204100000	Waste and scrap of cast iron	Waste Steel	GB 16487.6
7204290000	Other waste and scrap of alloy steel	Waste Steel	GB 16487.6
7204300000	Waste and scrap of canned iron or steel	Waste Steel	GB 16487.6
7204410000	Turnings, shavings, chips, milling waste, sawdust, filings, trimmings and stampings, whether or not in bundles	Waste Steel	GB 16487.6
7204490090	Ferrous waste and scrap, not elsewhere specified or included	Waste Steel	GB 16487.6
7204500000	Re-melting scrap ingots of iron steel	Waste Steel	GB 16487.6
7404000090	Other copper waste and scrap	Waste Copper	GB 16487.7
7602000090	Aluminum waste and scrap	Aluminum Scrap	GB 16487.7

According to the new restrictions, all listed waste cargo imports (subject to HS code) can still be accepted by China Customs based on the following conditions:

- Relevant Waste Cargo import permission (valid until estimated arrival in Chinese Port)

- Shipper's Register Certificate (issued by Chinese Customs)
- Consignee's Register Certificate (issued by Chinese Customs)
- Pre-loading Survey & Inspection Certificate

We are here for you - if you have any questions or comments, please contact your local [Hapag-Lloyd office](#) or send me an [email](#).

Best regards,

Samuel
