

War Risk Surcharge (WRS) in Libya

Dear,

due to the contingent situation in Libya, we have decided to adjust our **War Risk Surcharge (WRS)** on all export and import shipments from/to Libyan ports.

The new amount will be:

USD 100/TEU for all trades - effective from **July 17, 2019**.

In case of improvement of the situation in Libya, we will consider waiving or mitigation of above mentioned surcharge.

We are here for you - if you have any questions or comments, please contact your local Hapag-Lloyd office or send me an email.

Best regards,

Keep in touch
