## AE2 Blank Sailing Announcement

Dear Customer,

In connection with the upcoming Golden Week period, Maersk has endeavoured to balance our network to match reduced demand. We aim to minimize the impact to our customers supply chain and provide predictability by making a structural change and securing alternative routings.

We will start the temporary suspension of the AE2 service already from week 39. This is one week earlier than our previous announcement. The service will be suspended until mid-November and will resume in line with demand pickup. We will of course notify you in due course. To ensure our customers will not face any business disruption, all port calls on the AE2 service will be covered on other services in our network.

The first AE2 vessel voyage to be suspended is:

Week	Service	Vessel	Voyage	First Load Port	First port date	Last Load Port	Last port date
39	AE2	Margrethe Maersk	939W	Qingdao	25/09/2019	Tanjung Pelepas	10/10/2019

### Alternative coverage for AE2 suspension

- Rotterdam: Covered on AE5 and AE7 service
- Felixstowe: Covered on AE1 and AE11 (pre-carriage) service
- Antwerp: Covered on AE6 and AE10 (additional call during suspension period) service

Alternative coverages for North Europe to Asia will be communicated separately.

Thank you for your understanding and cooperation. We look forward to continuing working with you in the future. In case of any questions, please contact [your local customer service or sales representatives](#).

Best regards,
