## AE2 blank sailing announcement – Europe Services

Dear Customer,

Due to seasonal market demand reductions, Maersk has endeavoured to balance our network to match reduced demand.

There will be a **blanking** of the **AE2 service in week 10** in **Westbound** direction. This is an additional blank sailing on top of the already communicated Chinese New Year blank sailings. This will lead to a **corresponding blanking in Eastbound direction in week 15**. We aim to minimize the impact to our customers by securing alternative routings wherever possible.

For further questions, we encourage you to liaise with your local Maersk customer service representative or check <https://www.maersk.com>.

We want to thank you for your business and look forward to continuously serving your global transportation needs.

Best regards,  
**Maersk**

Your Promise. Delivered.
