Due to expected slow volume pick-up following the Christmas and New Year holiday, we have decided to adjust capacity to forecasted demand by blanking the WK 1-2020 Maersk Penang westbound sailing (and the corresponding eastbound sailing in WK 3-2020). Below you will find a summary of the void sailing. We aim to minimize the impact to your cargoes by securing alternative routings wherever possible. Please feel free to reach out to your local Maersk Customer Service representatives or check [check schedules](#) for more details.

Week	Trade	Service	Vessel / Voyage	First Load Port / ETD	Last Load Port / ETD

03	CAN-N.EUR	CAE	MAERSK PENANG	MONTREAL / 15-JAN	HALIFAX / 18-JAN

We want to thank you for your business and look forward to continuously serving your global transportation needs.
