Europe

Asia Pacific

Maersk has endeavoured to balance our network to match reduced demand and will consequently blank an additional AE2 vessel Eastbound. We aim to minimize the impact to our customers supply chain and provide predictability by making a structural change and securing alternative routings.

To ensure our customers will not face any business disruption, all port calls on the AE2 service will be covered on other services in our network.

AE2 blanking will be as follows:

Week	Service	Vessel	Voyage	First Load Port / date	Last Load
3	AE2	Madison Maersk	003E	Felixstowe / 13/01/2020	Algeciras / 2

Alternative coverage for AE2 suspension

- Felixstowe: Covered on AE6
- Antwerp: Covered on AE6
- Rotterdam: Covered on AE10
- Algeciras Covered through inducement on AE5 (Maersk McKinney Moller 003E)

In connection with the Algeciras inducement, the AE5 service will omit Port Tangier. This port call will be covered by the AE6, which will induce Port Tangiers (MSC Katrina 003E).
