Situation by country / geographic area

Bahrain: suspension of flights to/from the United Arab Emirates, Asia and Europe until 03/31/2020.

China: the country is in the phase of resumption of activities. Delays are to be expected between the various port areas. Currently, cargo ships are preparing for Week 16 shipments for Covid-19 and Ramadan.

Europe: Decreased capacity over the course of days, especially during weeks 13 to 17.

India: many flights are cancelled from Europe/US to India. Securing charter flights to relieve missing capacities. There is also a shortage of containers, particularly for exports to India.

Kuwait: holidays imposed for 14 days throughout the country from 03/12/2020. Customs and ministerial deadlines are to be expected.

MEA: we offer LCL (Less Container Load) containers from Jebel Ali to Abu Dhabi, Bahrain, Kuwait, Oman, Pakistan, Qatar and Saudi Arabia.

Oman: The equipment shortage continues in Oman due to the drop-in imports from China.

Peru: The country is in emergency stage for the next 14 days. Total closure of borders (air, sea and road) and suspension of international flights (or transport of goods).

Qatar: temporary halt of flights to/from Asia and Europe. The connection with the United States is maintained. From 03/18/2020, the import flights from Doha will be suspended for 14 days, excluding cargo and transit flights.

Saudi Arabia: 2 weeks of "banishment" for all passengers from 03/15/2020. Saudi Arabia has temporarily banned all passenger ships except freighters to and from the country. The ban excludes shipping and merchant ships, which is unlikely to affect discards and shipments to and from Saudi Arabia.

South Korea: massive cancellation of passenger flights at 85%.

Tahiti : Tahiti: Reduced frequencies or capacities on Papeete. Air Tahiti announced the suppression of all its flights.

The United States: stable situation with China. Capacity problem at Seoul International Airports (ICN), Beijing (PEK), Tokyo (NRT), Kuala Lumpur (KUL) and Singapore (SIN). Significant decrease in maritime export capacity. There is a threat of total or partial closure of California ports.
