

China - Reefer Restriction Update

Dear ,

With reference to our previous [update](#) on the reefer restriction in Tianjin, China, we would like to provide a latest update on the current reefer plug shortage situation. The situation remains critical and as a result, we decided to temporarily suspend acceptance of **fresh import reefer (temperature control) bookings** via Pusan, Korea to Tianjin, China with immediate effect. Bookings with direct discharge in Tianjin, China remain accepted.

We will continue monitoring the situation and provide updates in due course.

If you have any questions or comments, please contact your local [Hapag-Lloyd office](#) or send me an [email](#).

Best regards,

Annalena
