

Service Update Far East – North Europe Trade (FE 2-4) & Void Sailing Scheme Mediterranean (MD 1-3) effective July 2020

Dears ,

Hapag-Lloyd will be further adjusting its network due to reduced demand from the current situation but with focus to provide continued high service levels to your supply chains. This network adjustment will be effective July 2020.

North Europe

While the Far East Loop 4 (FE4) Service will continue to be suspended until end of September 2020, we will provide you with an enhanced port rotation of the Far East Loop 3 (FE3) service by adding port calls in Ningbo and Shanghai and thereby ensure the full attractive port coverage like before.

The Far East Loop 2 (FE2) Service will sail Eastbound around the Cape of Good Hope effective voyage O13E MOL Triumph, departing North Europe in week 25.
