Each year we update our Asia-Europe network to offer you the most efficient and reliable services in integrated logistics.

This year we are focused on strengthening the foundations laid in 2019, to further improve your experience.

These updates are live in our systems now and will come into effect by 1st April 2020.

Until then you'll find the latest routings on [Maersk.com](#). In case you have any questions, please reach out to your local Maersk representative.
