Work Disruption in all CFS Facilities in Chattogram

Dear Valued Customer,

From yesterday, all privately owned off-dock / CFS facilities in Chattogram have stopped export related operational work (pick-up of empty containers from the port, placement of empty containers at stuffing point inside CFS, deploying labour to carry out stuffing of containers, etc. on OOCL, ZIM, Maersk containers, including Safmarine and Sealand. All privately owned CFS facilities have been pursuing an increase in their tariff. The matter is currently under discussion between various associations and the Shipping Ministry, Government of Bangladesh. Carrier are working along with appropriate authorities to resolve the situation from yesterday but still not any concrete decision from the meeting.

We are monitoring the situation and will keep on sharing periodic updates.

Regards

Schenker Logistics (Bangladesh) Limited
