

## **DB Schenker Eurasia Train Booking Window Notice – CR Express Chongqing Reroute to Warsaw**

### **To whom it may concerns,**

Due to the overall traffic limit at border BY and PL, reconstruction between PL and DE and tremendous increase of the Eurasia train. There is a serious congestion at Brest/Mala which lead to a large number of overflowed containers in PKP, Agorstop and Europort terminal in Malaszewicze.

All factors slows down the wagon circulation, border/terminal slot. Avoiding more heavy delay at CN borders, CR Express Chongqing (China Rail) officially will reroute partial trains to Warsaw skips Mala to avoid more congestion in that place. The selected trains will be informed by train platforms when train leave CN border and according notification will be delivered from Schenker to customer side.

DB Schenker will take care of the communication with Warsaw terminal and properly arrangement of customs transit/clearance and delivery.
