

Asia Feeder Delay - ending week 23

Dear ,

Further to our CustomerNEWS dated May 20, 2021 on booking restrictions for Bangladesh ([here](#)), we unfortunately have to inform you that the backlog in Singapore for cargo destined to Chittagong has increased further. To clear the backlog we are forced to issue a new worldwide booking restriction, **with immediate effect**. This booking restriction is for all cargo moving via Singapore into Bangladesh and will initially be in effect for the coming 4 weeks. Cargo already booked and currently en route will continued to be served, but please expect delays in transshipment due to the backlog in Singapore.

The alternative routing via Colombo continues to also be challenged. Dwell times in Colombo remain above 14 days and are not scheduled to improve until beginning of August. To discuss alternative routing options, please reach out to your local Hapag-Lloyd office.

Please accept our apologies for these steps taken due to a situation beyond our control.

If you have any questions or comments, please contact your local [Hapag-Lloyd office](#).

Best regards,

Valentina
