

China and Hong Kong - Temporary Measures for Pick-up of Empty Containers

Dear ,

With the current challenging equipment situation and the high degree of uncertainty in terms of the Suez Canal effect we foresee that the equipment supply in China and Hong Kong will be even more challenging in the coming weeks.

As a result of above, we will revise the empty container pick-up window from current 7 days to 6 day for all standard general purpose containers bookings (20' dry/40' dry/HC) until further notice, the temporary measures are applied both to China and Hong Kong export booking.

Empty Containers Pick-up Window:

6 calendar days prior vessel ETA

Kindly please assist to share with concerned parties. We appreciate your cooperation and continuous support.
