

HMM CUSTOMER ADVISORY

Yantian (YICT Terminal) & Shekou Port Export Gate-In Arrangements

Dear Valued Customer,

Cases of COVID-19 continue to be reported in the Shenzhen area of Greater China, where both Yantian & Shekou ports are located.

Yantian (YICT Terminal)

Cases of COVID-19 continue to be reported within Yantian Terminal (YICT). All operations in the western areas of the Terminal remain suspended while necessary disinfection and quarantine measures are implemented by local authorities to prevent spreading. The eastern areas (where the majority of mother vessel berth) remain operational, but is significantly impacted by high yard density, low productivity resulting in Export laden gate-in times in excess of 7hrs and vessel delays upwards of 14 days, at time of writing.

YICT Export Laden Gate-In Arrangements:

- From 31st May 00:00hrs, export laden container gate-in had resumed from a temporary suspension.
- From 31st May to 6th June, CY-open will be available only 3 days prior to vessel ETA, and only after the terminal confirms the advance reservation made by trucking companies for laden containers gate-in.
- 7th June onwards TBA

Shekou Port

Shekou Port includes Chiwan Container Terminal, Mawan Container Terminal and Shekou Container Terminal. The following COVID-19 control measures are in place:

Shekou Port Export Laden Gate-In Arrangements:

- 6th June (0000hrs.) to 13th June (2359hrs.) accepted only 3 days prior to vessel ETA in Shekou port.

HMM Products calling at Yantian
