

Port of Los Angeles / Long Beach: Customs Clearance for Rail Containers to assist with Congestion

Dear MATHIEU,

Due to the on-going terminal congestion, rail car, truck power and chassis shortages in **Southern California**, we highly recommend our customers to clear US customs at the ports in **Los Angeles** and **Long Beach** for all containers being transported inland by rail. This will allow Hapag-Lloyd the added flexibility to stage containers off-dock as required.

If you have any questions, please contact our [Long Beach Import Department](#).

If you have any questions or comments, please contact your local [Hapag-Lloyd office](#) or send me an [email](#).

Best regards,

Annalena
