

Situation Update Schenker Myanmar on State of Emergency following Military Coup for the month of April 2021

[As of 210430]

Following the 1st Feb of Myanmar State of Emergency, please find below updates for this 30th of April 2021:

General:

Level of escalation remains moderate since Thingyan holiday.

The complexities around the banking situation continues, resulting in an increased demand for cash payments.

Office: The Sule Square office has reopened, some staff still work from home.

Network Connectivity and communications: Mobile internet and Wi-Fi, with the exception of fiber Wi-Fi, are suspended until further notice.

While mobile internet remains unavailable, some providers have made selected services accessible through mobile data connections. These include Office 365 services as teams and email as well as banking applications.

Please note that most of the staff experience internet difficulties and are hard to reach by mail. In case you receive no response, please use phone and SMS to contact our teams.

Infrastructure, Ports, Airports:

Air - the airport is open but still very limited number of cargo planes available.

Transportation - the Myawaddy border is open. The Muse main border is closed, cargo passes through Loiying/Lwegel/Kyin San Kyaw. The rumors that the Thai border closes as of the 1st of May due to COVID are still unconfirmed. As of 1st of May, MM government announced that is no longer possible to import beverage related products (e.g. dairy, tea, coffee) from TH by land, all needs to go by OCEAN.

Ocean - ports are operational. There is an ongoing shortage of space which is not foreseen to decrease in the coming months. Heavy weight cargo face vessel shut-out due to a draft issue in Yangon.

Contract Logistics and Land Transport:

Warehouses & transport services are operational.

Schenker MM Team continues to monitor the situation and share relevant updates.
