

## HANDLE THE BMSB SEASON WITH OUR FUMIGATION SERVICES AT PORT OF TRANSHIPMENT!

AVAILABLE AT SINGAPORE & PORT KELANG

Benefit from an ALL-IN-ONE Service

Enjoy peace of mind by choosing our complete service package with fumigation services, inland transport and customs clearance.

Brown Marmorated Stink Bug (BMSB) Season runs between September and February. BMSB represents a significant risk to cargo and biosecurity in Australia and New Zealand. That's why, anti-stink bug measures are implemented for goods manufactured in or shipped from, target-risk countries.

Let us take care of the seasonal measures and requirements of your shipment.

We offer Fumigation Services at the following Ports of Transhipment  
SINGAPORE | PORT KELANG

### YOUR BENEFITS

#### COMPLY WITH LOCAL REQUIREMENTS

Receive certificates issued by an approved fumigator to fully comply with requirements of the authorities and avoid penalties. Avoid the risk of shipments being refused entry and returned to origin or destroyed.

\* Including free time in standard tariffs or your contractual agreements.

### HOW DOES IT WORK

#### 3 COMPLIANT METHODS

The used methods are compliant with the requirements from the local Quarantine departments:

- Methyl Bromide

- Sulfuryl Fluoride
- Specific Heat Treatments
