PROTECT YOUR CARGO AT PORT OF TRANSHIPMENT

Looking to export manufactured goods to Australia or New Zealand? You will be **required to comply with government measures in target-risk countries**.

Brown Marmorated Stink Bug (BMSB) Season runs between September and February and represents a significant risk to cargo and biosecurity.

Enjoy peace of mind by choosing our complete service package with fumigation services, inland transport and customs clearance.

Available at the following Ports of Transhipment:
SINGAPORE | PORT KELANG

GET AN ALL-IN-ONE SOLUTION

Enjoy peace of mind thanks to our package, including fumigation services, inland transport and customs clearance.

COMPLY WITH LOCAL REQUIREMENTS

Receive certificates issued by an approved fumigator to fully comply with requirements of the authorities and avoid penalties. Avoid the risk of shipments being refused entry and returned to origin or destroyed.

* Including free time in standard tariffs or your contractual agreements.

3 COMPLIANT METHODS

The used methods are compliant with the requirements from the local Quarantine departments:

- Methyl Bromide
- Sulfuryl Fluoride
- Specific Heat Treatments
