

# **CMA CGM | Customer Advisory | Low Water Surcharge in Manaus, Brazil | Schenker Europe GmbH**

06.09.2023

Hi Maximiliano,

Considering the ongoing drought situation in the Amazon River, we inform you of the implementation of a Low Water Surcharge (LWS) for cargo originating from and destined to Manaus

Therefore, a Low Water Surcharge (LWS) will apply to all cargo from/to Manaus, Brazil as follows:

Effective September 15th, 2023

(October 5th, 2023 for US, US territories, Colombia, Paraguay, Uruguay, Panama, Venezuela, Argentina, Ecuador)

- Port: Manaus, Brazil
- Perimeter: Import/Export
- Cargo: all
- Amount: USD 750 per TEU
- Settlement: As per freight

The Lower Water Surcharge is a temporary measure, imposed by the exceptional & unprecedented challenges posed by the current navigational circumstances. It is our commitment to continually review and we will diligently provide updates as developments unfold. Please do not hesitate to reach out to your local CMA CGM office with any inquiries or concerns; we are dedicated to assisting you throughout this situation.
