

Here's a schedule update for our MD1 and MD2 vessels

Dear Customer,

If you are shipping between Asia and the Mediterranean with our **MD1** and **MD2** services, please take a look at the following updates caused by schedule recovery measures.

With your cargo planning in mind, we have prepared **here** the vessels' overview per service, including their Estimated Time of Arrival (ETA), first loading port and the week number related to the vessel and voyage.

If you would like to view the above vessels' schedule information, please visit our **vessel tracker** in our Online Business Suite. Do you have any questions? Our customer service team at your **location** will be glad to guide you based on your individual situation.

Best regards,

Maria-Fernanda

from our Customer Communications
Team
