

Shipping with our IOS service? Schedule updates are coming up

Dear Mathieu,

Your cargo planning might be affected by the schedule changes of our Indian Ocean (IOS) service. These changes will be in place during Q2 2022 to help improve the service's schedule reliability.

During this time, the port of Hazira in India will be omitted, while the ports of London Gateway, GB and Antwerp, BE will have alternating omissions. You can access these updates including the list of vessels, ports and alternative solutions in our latest update [here](#).

To assist your cargo planning, you can use our [vessel tracker](#) to view our vessels' latest Estimated Times of Arrival and Departure. If you should require additional information, please contact our customer service team at your [location](#), who will guide you based on your individual situation.

Best regards,

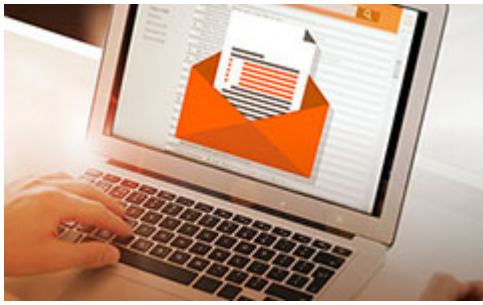

Maria-Fernanda

from our Customer Communications
team
