

Good day dear all.

We inform you that due to strikes at Mexcity Rail Ramps, Rail+Truck rates with FD Mex City (and city limits) need to be raised by +\$150 with immediate effect. For all affected ports, MANZANILLO, LAZARO AND VERACRUZ.

For cargo already on Ramp / in transit, the \$150 will be collected locally by MSC MX.

For cargo still overseas, Rail+Truck rates to MX City need to be modified considering +\$150 on top of manifested rate or terminate the service at Ramp.

We remain at your disposal for any additional information.

Kind regards.
