New Milestone

Lead-time Insurance

ITL group, PICC and DB Schenker jointly introduce, first time in Eurasia Railway history, Lead-time insurance service. Based on Xi'an – Duisburg Super Express (both WB and EB) we are providing a new tool to mitigate the supply chain risk and help our clients under challenging market situation.

With our track and trace service “Schenker *Railiable*”, as well as state of art Schenker GPS geofence system, we are able to automatically trigger train departure, arrival and crossing key check-points events via e-mail. This serves as solid mechanism to measure the lead-time performance and in the meantime, provide our clients complete transparency from door to door.
