## Transatlantic Trade – AL6 Service Biweekly port calls

Please be advised that an agreement has been made among the partner lines for the AL6 to call the United States East Coast base ports biweekly, to better manage the congestion and consequent delays at these ports. Effective from MV CMA CGM Dalila 0013W the service will start calling Norfolk, Savannah, and Miami; the following week the service will call New York only.

This is a temporary measure and will continue until the congestion subsides.

Kindly be advised this adjustment supersedes the previous omissions, details are as per below:
