Newsflash – M/V MOL Proficiency v.232S/233N – Cape Town Omission

Dear Valued ONE Customer,

We regret to advise that as a result of ongoing delays in CTCT due to productivity and weather the M/V MOL Proficiency v.232S/233N will omit her Cape Town call. Cape Town imports will be discharged in Durban and transferred to the M/V MOL Presence v.232S. The one benefit of this action in the interest of stabilising the overall SAECS schedule is that exports from Durban to Europe will have very fast transit times which will assist the fruit industry at this time of year.

The schedule details are as below:
