Border Situation

CN / KZ border:
<200 containers waiting at Alashankou
<300 containers waiting at Khorgos

BY / PL border:
<300 containers waiting at Brest

RU / DE border:
<100 containers waiting at Kaliningrad

Overall border crossing lead-time is improved

Alashankou /Khorgos operates smoothly. As well as in European side both Malaszewicze and Kaliningrad are now having short border crossing lead time in parallel.

According to GPS record, the reloading operation at PL/BY border are running as normal.

Border delay:

- CN / KZ Border : Alashankou / Khorgos border 0-4 days
- CN / MN Border : Erlian border 7+ days
- CN / RU Border : Manzhouli border 7+ days
- BY / PL Border : Mala / Brest border 2-3 days
(Rail traffic at border runs normal, road border is congested)
- RU / DE Border : Kaliningrad / Rostock border 2-3 days

Lead-time

Good lead time performance

GPS trackers installed in containers reported nothing abnormal so far (from Feb 24th to Apr-4th). Eurasia trains are moving on schedule crossing Russia, Belarus and Poland.

Current T/T lead-time for Westbound keep its good performance. As to the same period last year, the best lead time performance starts from February. To Mala is 10-15 days, to Rostock is 14-20 days, to Duisburg/Hamburg +3-7 days upon border released and terminal capacity. Extreme delay might still happen to some trains because of the dwell time.

The lead-time for Eastbound is regularly 20-25 days (improved).
